Dear Citizen

I have not heard anything further concerning the journal[b] except that Barry[c] is crying out for money. The shares are not going very well.

I wish you would forward to me a few congress Reports[d] also Statutes & General Rules[f][,] we are in the midst of work & cannot get on for want of The General Rules[;] if you have read the Rules of our Federal Council you will notice there is nothing at all providing for affiliated Societies[,] forward a bill with the panel and it shall be paid immediately. I have written | to Dupont[g] three times concerning these Rules but he is very dilatory in answering.—Time is very valuable with us just now. Without exaggeration we are on the point of affiliating Societies numbering some thousands of members.—We have four separate deputations that are engaged three nights a week in waiting on “The Trades” and we have given away all the literature we possessed and are now completely in a fog.—

I have written to you thinking that you have the Rules at hand & can forward at your earliest[.] There is a little agitation going on in Manchester to bring out a “Labour[”] Candidate but the leaders are not favourable because they cannot choose a man if the Subject is deferred for two or three months. We shall be in a | position to play an important part, considering that we already number 800 good men. No matter how matters end if a Labour Candidate is run it will be a fine opportunity for our propaganda[.]—

I have been elected to go to “Nottingham” but I am new at Congress work[.] We want to get the Federal Council in Manchester how should we go about it[?]

Dont forget the books[.]

Yours Fraternally
E. Jones
